THE SUGAR SCHEDULE

It Forms the Topic For Tariff Speeches in the Senate.

CHANGES MADE IN THE BILL.

What It Is at Present, What the House Made It and What the Senate Proposes Doing—The House Passes a Few Measures and Then Discussed the State Bank Bill.

WASHINGTON, June 2.—When the senate met, Mr. Hear of Massachusetts presented a petition from the New England industrial army asking "legislation which would guarantee work to the unemployed." It was referred to the committee on rules.

The bill granting additional lands in Hot Springs to the Berry hospital was passed.

Senator Hill asked unanimous consent to consider a joint resolution passed by the house Thursday, giving the secretary of war authority under the last sundry civil appropriation act to institute condemnation proceedings to secure certain lands near the battlefield of Gettysburg. Judge Dallas, he explained, had just held that the language of that act was not broad enough to warrant condemnation proceedings.

Senator Cockrell of Missouri objected, insisting that the resolution should go first to the committee on military affairs, and it was so referred.

The sugar schedule of the tariff bill was then laid before the senate, and Mr. Manderson delivered a long speech and gave notice that at the proper time he would offer as a substitute for the sugar schedule the bounty provision of the McKinley bill, continuing it in force until July 1, 1903. He argued at length in support of the constitutionality of bounties, quoting extensively from court decisions, especially the decision of Justice Miller.

Mr. Pepper followed Mr. Manderson with a lengthy speech in support of a duty on sugar. In the course of his speech he drifted into the discussion of the silver question: touched upon his ideas of theory of government and the panacea for the existing ills of the body politic.

It was 5:45 when Mr. Pepper concluded.

Mr. Harris, in charge of the tariff bill, then moved that the senate proceed to the consideration of executive business. Before he made the motion he declared, with his wonted emphasis, that the country was impatient and had a right to be impatient over the slow progress made with this bill, and that business interests everywhere were suffering from the utterly unexcusable delay. He gave notice that after Monday he would, if he was able, compel the senate to endure longer hours until the bill was disposed of.

The senate, at 5:47 p. m., went into executive session and at 5:55 p. m., adjourned.

The McKinley law placed raw sugars on the free list, imposed one-half cent duty on refined sugar and gave a bounty of 2 cents to the sugarcrover. The house bill repealed the bounty and placed all sugars, raw and refined, on the free list. The first bill reported from the finance committee of the senate gave a specific duty of from 1 cent to 1.25 cents per pound according to polariscopic test.

The "compromise" amendment, which is the one now before the senate, made the sugar schedule go into effect January 1, 1895, the rates being 40 per cent ad valorem on all sugars, raw and refined, one-eighth of one cent additional on sugars above 16 Dutch standard, with an additional one-tenth of one cent a pound on sugars from countries paying export bounties. It also continued the sugar treaty with Hawaii.

In the House.

WASHINGTON, June 2.—The house passed the senate resolution directing the secretary of war to transmit to the senate reports of any surveys or estimates for the construction of locks or dams in the Mississippi river between the C., St. P. and M. railway bridge and the Falls of St. Anthony, which he might have in his possession.

The senate bill providing for the carrying out of the award of the Paris tribunal of arbitration for the protection of seals in Behring sea, was passed.

Mr. Gear secured the passage of a bill for the relief of A. P. H. Stewart.

A resolution directing the president to give six months' notice to the Russian government of the abrogation of the last treaty between the two countries was under the rules sent to the committee on foreign affairs.

The house went into committee of the whole to consider the Brawley state bank bill. Mr. Brosius of Pennsylvania addressed the house.

He defended the present national banking system; and deprecated a return to the obnoxious and unstable state bank system which had proved so detrimental to certain sections of the country, notably south and west.

Mr. Swanson (Dem., Va.) followed Mr. Brosius, and defended the issue of bank state notes.

Mr. Henderson (Rep., Ill.) defended the existing national banking system and recalled the events of the panics of past years under the state bank regimes.

The next advocate of the repeal of the existing laws against state banks was Mr. Tucker (Dem., Va.), who took the ground that any tax laid, not for the purpose of raising revenue, but to "kill" off an industry, was an improper law.

Mr. Izlar (Dem., S. C.), the successor in the house of Mr. Brawley, the author of the bill, argued in favor of state bank issues.

OUTBREAK IN COREA.

It Is an Uprising Against the American Residents There.

WASHINGTON, June 2.—The state department has received advices from the minister at Seoul, Corea, stating that a serious outbreak has occurred in that country. No particulars are obtainable. It is understood that the United States steamship Baltimore, now at Naski, Japan, about 500 miles distant, will be ordered to the scene of trouble.

The Korean legation received a cablegram yesterday from the king's palace at Seoul stating that the rebels had gained possession of Chonlato, the southern and chief of the eight provinces of the kingdom, that the lives of all foreigners were in danger and that the presence of a United States warship at Chemulpo without delay to protect Americans was urgently requested.

The officials of the legation immediately presented the facts to Secretary Gresham, and in a friendly manner impressed him with the importance of prompt action. They explained that there were 300 to 400 Americans in the four principal cities of Corea, and that the revolution was really directed against them.

Secretary Gresham laid the matter before the president, but no action has been taken, the president deeming it advisable to await a report from Minister Sill on the subject.

HIGH BEAR TAKES A BRIDE.

Tasina Waken Becomes Mrs. Holy Blanket for Vocal Convenience.

NEW YORK, June 2.—High Bear, a Sioux Indian, who is connected with Buffalo Bill's show in South Brooklyn, took a bride.

The woman's name was Tasina Wakan, but as a matter of vocal convenience the other members of the Wild West congregation denominated her Holy Blanket. She wore a blue blanket and an Indian smile. Mrs. Holy Blanket had been a widow. Her first husband was one of the Indian braves who thought Sitting Bull ought to preside at the White House, and it required a white man's bullet to convince him of the contrary. Mrs. Holy Blanket is about the shape and apparent consistency of a boiled apple dumpling, and enough yellow ochre had been smeared over countenance to make it look like a Gowanus sunset.

High Bear stepped out in front of his wigwam in the wild west village and bravely faced a line of warriors, in front of which stood the bride. Three braves with tom-toms and high C voices sent out a peal of discord toward Canarsie, and the wedding was off to a good start.

Flat Iron, the only big medicine man Buffalo Bill has in his show, stepped forward and gave the bride away, and Rev. Lloyd of the Reformed church, Brooklyn, read the Protestant marriage service. No one kissed the bride.

After it was all over Rocky Bear, the bridegroom's best man, stepped in Indian file to the center and announced that as High Bear had no ponies present to give away he would present \$2 to those who had been kind enough to furnish singing for the occasion. Then all the Indians scaled a barbwire fence to join in a love dance where there was a little open ground with a puddle in the middle of it.

The dance, which seemed to be a cross between a two-step and an Oxford minuet, might have been a success had not a bugler from a neighboring tent just then announced that dinner was ready. The festivities straightway broke up in confusion, Mrs. High Bear and her spouse leading the way to the festal board.

A PARKHURST CRUSADE

To Be Started Against Police Corruption in Boston.

BOSTON, June 2.—The Rev. Dr. J. I. Lansing of the Park street church, this city, has entered upon a crusade against police corruption. He is backed by the New England Moral Reform club. Dr. Lansing alleges that the police of the city are in collusion with the proprietors of disreputable places, so that if such places are to be raided the inmates are warned in time. He declares: "We have proof that the police have taken money. We know when it was paid, what it was paid for, who paid it, and who received it. We have names, dates and times and affidavits, with all the details to secure conviction in open court. We know who the go-betweens are, and the police who have hobnobbed with those arrested for keeping these houses, and who have aided the keepers to get clear." It is understood that Dr. Lansing will at once prefer formal charges before the police commissioners.

A TEXAS STORM

Blows Down Churches and Shifts Many Houses.

HILLSBORO, Tex., June 2.—A destructive storm of wind and rain passed over this city at 2 o'clock Thursday morning. The Episcopal church was completely demolished. The residence of John Hodge was blown down, and part of it, with most of his furniture, was blown into the lake. The grandstand at the fair grounds was blown away, a portion of it being blown nearly a mile across the lake. Every church in town was damaged. Several houses are reported blown down in the country. The cresting on the courthouse was blown off and the roof badly damaged. Fifty houses were shifted on their foundations. Corn and out crops were seriously damaged. No lives are reported lost. The railroads suffered severely from washouts. The losses will amount to several thousand dollars.

LONDON, June 2.—Mr. Bayard, the United States ambassador, gave a dinner last night to the officers of the United States cruiser Chicago.

FLOODS INCREASING.

Indications That the Worst Is Yet to Come.

COLUMBIA RIVER STILL RISING.

Over Six Hundred Miles of Land Along the River Inundated, Crops Are Ruined, Houses Washed Away and Stock Has Been Drowned—Great Destruction Done in Colorado.

PORTLAND, Or., June 2.—The flood in the Columbia continues to increase and the indications are that the worst is yet to come. Thursday the Upper Columbia at several points was at a standstill, but reports last night show that the river is again rising about one foot in 24 hours. The river is more than a foot higher than ever before known and the damage will be immense.

The fertile bottom lands along the river from the Rocky mountains to the sea, a distance of 600 miles, are all inundated. Crops are ruined, houses washed away and stock drowned. The flood has come gradually, which has given residents an opportunity to move household goods to places of safety, and in most instances stock has been driven to higher ground.

The salmon canning business has been almost annihilated. Fish and canning establishments along the river for a distance of 200 miles are under water.

Telegraphic communication to the north and east is cut off, except by a roundabout way.

Along the Union Pacific, from this city to Umatilla, about 20 miles of track are under water. They have established steamboat services which enables them to carry the mails and passengers.

The Northern Pacific does not attempt to operate its line between this city and Goble, a distance of 40 miles, but makes connection by the large transfer boat.

In this city the water has risen into basements as far back as Ninth street, and more than half the elevators in the city are stopped for want of water.

The mails from The Dalles brings the information that the government locks at the Cascades are in danger.

Sanvies island, a few miles below Portland, is almost entirely under water. Many buildings are afloat. Crops are ruined and other property is damaged. The losses will aggregate over \$1,000,000.

THE FLOOD IN COLORADO.

The Destruction Is Widespread—Railway Traffic Almost Stopped.

DENVER, June 2.—Platt river continued to rise and a raging torrent is likely to continue pouring through this city. Colorado and Jerome parks are flooded.

In Jerome park and vicinity 175 families were driven from their homes and are camped on higher ground. As many more families in the river bottoms in the city also fled to higher ground.

Edward Whitman, a boy, fell into the torrent and was drowned. No other fatalities have been reported.

In the Boulder Canyon.

BOULDER, Colo., June 2.—The pipe factory, five houses, the railroad track and all the city bridges have been washed away. Poverty flats are submerged. No lives were lost. The Sunset branch of the Gulf road and the Mountain road are entirely gone.

The towns of Crisman and Salina, mining camps in Boulder canyon, the former six miles and the latter nine miles from Boulder, have been wiped out of existence. They had a population of about 200, who are now homeless. Many mines are ruined.

The total loss in and about Boulder is estimated at \$500,000. All the crops in the St. Vrain valley, one of the richest grain regions in the state, have been destroyed by the flood. The loss is very heavy.

Fifty bridges between here and the mountains have been carried away. The towns of Copper Rock and Sugar Loaf are gone, the Prussia and Cornish mills flooded and six of their outbuildings swept down the canon.

Springdale and Jamestown suffered greatly, but no particulars can be had except that the Springdale hotel is in ruins.

Several other small towns along the canon have been partly destroyed, but nothing definite regarding losses can be learned until communication with these districts had re-established.

Thousands of Acres Inundated.

BRIGHTON, Colo., June 2.—The river at this point (15 miles below Denver) is gradually rising and is now one to six feet deep over thousands of acres of grain, which will be entirely destroyed. The high water has stopped all control of irrigating ditches and they, too, are bursting out and flooding the higher lands.

MONTHLY DEBT STATEMENT.

Cash in the Treasury \$117,854,335 of which \$78,693,267 is Gold Reserve.

WASHINGTON, June 2.—The monthly debt statement issued yesterday shows a net cash balance in the treasury of \$117,854,335, of which \$78,693,267 is gold reserve. Advances from New York show that \$1,400,000 in gold had been engaged for shipment, which leaves the true amount of the gold reserve on May 31, \$77,293,267. Yesterday's advances show that \$2,350,000 had been engaged for shipment, which leaves the true gold reserve at the close of business yesterday, at \$75,043,267. This is a loss of gold reserve during the month of nearly \$26,000,000.

Yesterday's debt statement shows that the interest bearing debt on June 31 was \$935,941,840, an increase for the month of only \$460. The debt on which interest has ceased since maturity was \$1-

858,890, a decrease of \$3,640. The non-interest bearing debt was \$380,016,829, a decrease of \$637,339. The aggregate of interest and non-interest bearing debt was \$1,016,916,360, a decrease of \$40,876.

The statement of the cash in the treasury is as follows: Gold, \$148,061,816; silver, \$512,194,954; paper, \$106,081,172; bonds, minor coins, etc., \$16,569,320, against which there are demand liabilities aggregating \$665,428,928, making the decrease in the available cash balance for the month \$7,243,450.

SUSPECTED.

The Brazilian Navy Watched by President Peixoto.

BUENOS AYRES, June 2.—The Herald's correspondent in Rio Janeiro, Brazil, telegraphs that the directors of the Government Central railroad announce that they have contracted with an American firm for the purchase of 60 freight locomotives to be used on their line.

The Herald's correspondent also says that Captain Castello's account of how he took the Brazilian rebel refugees aboard the Portuguese warships with the knowledge and consent of President Peixoto and his minister of marine, as cabled to The Herald from Lisbon, is pronounced absolutely false by government officials in Rio.

President Peixoto has a plan to incorporate the naval with the military academy. He has little confidence, it is said, in the navy, and its men are watched by military cadets and officers, and their least action, if it is at all suspicious, is reported to him.

Almost unbridled animosity seems to exist against all known sympathizers in Rio with the revolution, and the military party is trying to induce President Peixoto to refuse to abandon his position to President-elect Moraes.

Various projects are being mooted here for paying off the foreign debt. Some favor repudiating it altogether and others propose paying the interest in paper currency, instead of gold. It is reported that a firm of Antwerp bankers has offered to lend Argentina \$1,000,000, repayable in paper currency, on condition that the country does not violate the Romero contract.

The statement of Minister of Finance Terry, to be made before congress soon, is anxiously awaited. The province of Buenos Ayres is hopelessly bankrupt, its only valuable asset being the La Plata docks. Efforts are being made by the province of Santa Fe to arrange for the payment of its foreign debt by making the national government responsible for it by means of a species of claim for debt owing to the province from the national treasury.

MURDER WILL OUT.

A Mystery Cleared Up After the Lapse of Over a Year.

WELLSVILLE, O., June 2.—A year ago Lizzie Ewing mysteriously disappeared from her home in this city. Jesse McGregor was living with her at the time. The two had often quarreled, so when the woman disappeared McGregor was at once accused.

No arrests were made at the time, but the officers did all they could toward solving the mystery. A few days ago the officers secured a clew, which they successfully followed, and yesterday dug up the Ewing woman's body where it had been buried under a chicken coop in the lot where she lived. McGregor was immediately arrested; also, a woman named Alma Walters, the latter being arrested at Pittsburgh by officers there. The charge against them is murder.

The evidence against him, the officers claim, is conclusive. The Ewing woman had evidently been strangled to death. McGregor's watch and chain were found upon her. McGregor's relatives are wealthy and among the most prominent society people of this city.

McGregor was arrested about 2 o'clock. He made a desperate struggle, pulling a gun on one of the officers. He is now in jail.

The Ewing woman was last seen by a neighbor, who says she came to her home one afternoon in June, saying that McGregor had told her he would kill her if she ever entered the house again.

EX-PRESIDENT HAUGHEY

Will Be Sentenced to the Penitentiary Next Tuesday.

INDIANAPOLIS, June 2.—Theodore P. Haughey, the fallen president of the Indianapolis National bank, will be sentenced next Tuesday afternoon at 4 o'clock in Judge Baker's chambers. Mr. Haughey requested that sentence be passed upon him privately, stating that he did not believe he could survive the humiliation of being sentenced in open court. A strong plea in his behalf was also made by his attorneys and other influential friends.

None but Haughey's counsel and members of the press will be admitted. Immediately after receiving the sentence the prisoner will be removed to a cell in the county jail to await removal to prison by the first train. It is believed he will receive the minimum penalty, which is five years.

The Coffins and Reed will be sentenced immediately upon the overruling of their motion for a new trial, which will probably be some time Monday afternoon.

Old Citizen Gone.

WEST UNION, O., June 2.—Captain James Crawford died at his home three miles east of this place yesterday of dropsy. He was engaged in the tobacco business for a number of years, and was perhaps better acquainted in and about this town than any other man in the county. He was the oldest Mason in the county.

BURLINGTON, Ia., June 2.—The police, about midnight, captured a lot of dynamite bombs and fuses in the hands of strikers or tramps in a boxcar, near the railroad bridge. All the men, save one, escaped.

CALLED FOR TROOPS.

Indiana Miners Again Become Riotous.

SHERIFF POWERLESS TO ACT.

An Appeal to the Governor For Aid Is Not Heeded but Probably Will Be—Pennsylvania Operators Are Importing Men but Are Meeting With Trouble—Peace Prevails at Cripple Creek, Colorado.

INDIANAPOLIS, June 2.—Judge Heffran of the Daviess circuit court and Sheriff Lening of that county united last night in a telegram to the governor, calling for troops to quell the rioting miners at Cannelsburg.

The miners have blocked traffic and are delaying the sheriff in his attempt to enforce the order of the court. The miners were receiving reinforcements from other districts, and it is expected that 600 would soon be massed at that point. The sheriff was unable to organize a force sufficient to cope with the belligerents. The request for troops was referred to Governor Matthews at Terre Haute and he will return at once.

Troops Refused.

TERRE HAUTE, Ind., June 2.—Governor Matthews, who is here attending the dedication of the local militia company's new armory last night, declined to send troops to Shelbyville until the authorities of that place have shown that they are powerless to control the miners.

Sheriff Mills and Judge Briggs of Sullivan were here at the request of the governor, and the three held a long consultation. The Sullivan sheriff informed the governor that the miners at Shelbyville had made light of the governor's proclamation and that he was unable to move the blocked coal trains which are guarded by the miners.

Governor Matthews was considerably nettled over the manner in which his proclamation was received, but would not order out the militia. He instructed the sheriff to make another effort and report to him. It is believed that the troops will be sent to Shelbyville, if the miners persist in resisting the sheriff.

IMPORTING MEN.

Seven Carloads of Nonunion Men Imported Into Pennsylvania.

SCOTSDALE, Pa., June 2.—Seven carloads of nonunion men were brought into the region by special train yesterday. There were 368 men in all, and principally colored men from West Virginia. The Italian labor agent who brought the men here was assaulted last night by strikers and terribly beaten.

John Steilen, a roadman at the Varley works, came to town here last night. He was set upon by strikers and had to be rescued by the police. Deputy sheriffs had to be called from the Varley plant to take him home.

The operators are giving more evidence every day of a determination to run. Another special train of new men is hourly expected.

QUIET AT CRIPPLE CREEK.

The Expected Depulies Have Not Yet Put in an Appearance.

CRIPPLE CREEK, Colo., June 2.—Absolute quiet reigns throughout the camp. Not a deputy has put in an appearance. The strikers, however, have redoubled their vigilance in guarding their stronghold on Bull Hill.

At Altman, the strictest military rule is enforced. The opinion is held generally that the strikers have lost sight of any effect Governor Waite's visit may have had, and intend to fight.

Considerable excitement was created by the appearance of six armed strikers, the first to come armed into the city, and the subsequent shooting of Ed Smith, a drunken railroad employe, by a policeman. Smith will die.

SOME HOPE FOR A SETTLEMENT.

An Important Conference Will Be Held Next Tuesday.

CLEVELAND, June 2.—Word has been received in this city from President McBride of the United Mine Workers that a meeting of miners' representatives will be held in Columbus next Tuesday to ascertain whether authority shall be given by them to their officers to negotiate for a settlement of the coal strike so far as concerns Ohio and Pennsylvania. This, of course, is in conformity with the wish of a large number of the operators of these two states.

A meeting of Ohio and Pennsylvania operators will also be held in Columbus, probably next Thursday.

Reign of Terror in Illinois.

LA SALLE, Ills., June 2.—Since the withdrawal of the troops anarchistic striking miners have established a reign of terror in Spring Valley. Law-abiding American citizens are in constant fear of their lives and the local authorities fear further trouble. Even the citizens of La Salle are beginning to be disturbed. The reds who fled from here upon the arrival of the troops have returned and are behaving in the most outrageous manner.

Iowa Miners.

OSKALOOSA, Ia., June 2.—Someone saturated an isolated pump station near No. 6 shaft with oil last night, but before the fire got far it was discovered and put out. The strikers' camp decreased in numbers yesterday, but the most undesirable element remains at the old camp.

More Miners Strike.

NEWCASTLE, Colo., June 2.—The coalminers here struck yesterday, and have picketed the approaches of the mines.

FLEMINGSBURG, Ky., May 31.—(Special)—In a row at Helena last night a colored man named Abbott stabbed his father-in-law twenty times with a knife and he will likely die. Abbott is in jail at Maysville. The fight was due to a family misunderstanding. Both men have borne good reputations heretofore.—Cincinnati Post.
 This row occurred Saturday night, May 26th, four or five days before the Post's Flemingburg correspondent caught on, and then he failed to get the right name of the knife-user.

The American Protective Tariff League has now completed its examination into the employment of labor in five States, Rhode Island, New York, Connecticut, Oregon and New Jersey. In those five States reports were received from 429 establishments, which employed in 1892 71,011 workpeople; in 1893, 55,734 and in 1894 are employing only 40,733.—Louisville Commercial.

Now let the League turn its attention to the industries of the South. It will no doubt find that they are giving employment to more men now than at any time in their history.

CLEVELAND PAID THE BILL.
 The editor of the Public Ledger has had a good deal to say about the recent trip of President Cleveland and party on the lighthouse tender Violet. For his information we publish the following, taken from the New York World:

WASHINGTON, May 25.—It is learned to-day from a gentleman in a position to know the facts that the published criticisms of the President's action in taking his outing on the lighthouse tender Violet did not cost the Government one cent. On the contrary, the President, as he has always done, paid full rates for himself and party.

The Violet on this trip distributed among the lighthouses 1,800 cases of oil and other supplies, which was a larger load than she ever carried before. The trip, which occupied two days less time than usual, was made in the regular course of the Violet's duties, and the lighthouses were visited and inspected as the regulations required.

At the President's special request no more birds were shot than could be used by the visitors and the crew.

BUYING A WATCH FACTORY.

"A British syndicate—that has an old familiar sound—has offered to purchase the Elgin National Watch Company, of Elgin, Ill.," says the Louisville Post. "It is ready and willing to give \$9,000,000 for it, though since last May the company has made no dividend. Heretofore it has paid 2 1/2 per cent. quarterly, but this was not sufficient to dispose of its earnings. So stock dividends were made from time to time, and \$1,000,000 was a year or two ago distributed among the stockholders. The stock is \$4,000,000. It is stated by the President of the company that \$834,000 represented all the money that had been paid into the concern, so that on the original investment in stock the company has been paying in the last few years \$400,000 annually, or nearly 50 per cent. on their investment, exclusive of the gift of bonds and the interest thereon. Last summer 3,000 operators were employed; now the force is 1,400.

"The British syndicate offers 200 for all the stock and par for the bonds. This is a fine illustration of the proverb that time is money; in this case it is big money. The offer now made is not the first; time and again an effort has been made to purchase, but in vain.

"Evidently the outlook is better and business is improving."

SERVICES as usual at the Central Presbyterian Church to-morrow, morning and evening. Preaching at 10:30 a. m. and 7:30 p. m. Sunday school at 9:15 a. m. Y. P. S. C. E. at 6:30 p. m. All cordially invited and made welcome.

W. O. COCHRANE, Pastor.

MR. B. F. WILLIAMS made two more attempts to take his life Friday, but was prevented by the watchfulness of relatives. In the afternoon, he was adjudged of unsound mind, and will be taken to the asylum at Lexington for treatment. His case is an unusually sad one, his present condition being the result of several months illness, coupled with worry over financial troubles and the recent loss of one of his children. The family have the sympathy of the community in their trouble.

Bucklen's Arnica Salve.
 The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale at J. James Wood's.

THE MANCHESTER FERRY CASE.

The Judgment of the Lewis County Court Set Aside by Judge Harbeson Last Week.

The case of H. L. Wilson, by his committee, against John Sullivan on appeal from the Lewis County Court was tried at the late term of the Lewis Circuit Court.

This is what is known as the Manchester ferry case, and involves a question of damages for two acres of land including the ferry landing and privileges owned by Mr. Wilson, which was condemned by the Lewis County Court about three years ago on the application of Mr. Sullivan.

The lower court granted ferry license to Mr. Sullivan and gave Mr. Wilson judgement for \$2,350 damages.

The appellants contended that this assessment was too low, and that Mr. Wilson at the time of the proceedings was not capable of electing whether his property should be condemned in fee simple or the use thereof for twenty years, as he had the right to do under the statutes. The judgment condemned the fee simple title to this property.

The case was submitted to Judge Harbeson last week on the law and facts and he sustained the appeal and set aside the judgment of the County Court.

Mr. Sullivan testified that he did not own the ferry but that he secured the license and property for the Chesapeake and Ohio Railroad Company, because the company could not get it. A motion for a new trial was overruled and an appeal granted to the Court of Appeals.

Mr. Sullivan was represented by the C. and O.'s attorneys, Mr. W. H. Wadsworth and A. M. J. Cochran, of this city, and Judges Sam J. Pugh and J. R. Garland, of Vanceburg, and appellant Wilson by Sallee & Sallee and Judge A. E. Cole, of this city.

Children's Day.

The services at the Church of the Disciples to-morrow will be as follows: Sunday school at 9:15 a. m. Children's day exercises will take the place of the 10:45 a. m. sermon. A good programme of choice music and appropriate recitations has been prepared. Y. P. S. C. E. at 6:30 p. m. The usual worship and sermon at 7:30 p. m. Subject of the sermon, "The Newest Things Are the Oldest." Motto, "He who walks but where he sees the tracks of men makes no discoveries." All people are "liberal and tolerant" as long as you agree with them; but beware of contradicting them or shocking their tastes and prejudices. To offend thus and you are a doomed man, even in the closing years of the nineteenth century, A. D. E. B. CAKE, Minister.

A Sadly Afflicted Family.

Mrs. Charles Gettes, of the Washington neighborhood, died yesterday morning at 8 o'clock of consumption, after a long illness. She was a daughter of John Mitchell, of that neighborhood, was twenty-three years of age and leaves three small children, the youngest being only nine months old. All three of the little ones are suffering from the whooping cough.

The remains were buried from the Christian Church at Washington at 10 o'clock this morning.

The young husband and children have the sympathy of the community in their loss.

Bath County's Candidate.

Bath County Republicans will insist on the nomination of W. S. Gudgeff, of Owingsville, as the right man to run for Congress in the Ninth district. They claim that as Bath has never had a candidate, and as the nomination has been given to every other county in the district that has asked for it, it is only fair that she should be permitted to offer the candidate this time. Mr. Gudgeff is a young man. The Republicans of Bath are divided into factions, however, one favoring Judge Thomas' candidate, Mr. Pugh, the other for almost anybody but him.

It Pays to Raise Strawberries.

Mr. E. K. Lindsay has an acre of strawberries near Vanceburg from which he has already shipped to Mr. R. B. Lovel of this city over \$400 worth of berries this year, and the season is hardly half gone.

Mr. Lindsay had an old mule and only a small amount of cash when he started in the fruit and berry business in Lewis a few years ago, but he is now making more money probably than any other man in Lewis County, and this too on rough hill land.

Guaranteed Cure.

We authorize our advertised druggist to sell Dr. King's New Discovery for consumption, coughs and colds, upon this condition. If you are afflicted with a cough, cold or any lung, throat or chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at J. J. Wood's drug store. Large size 50c. and \$1.

The Old Friend

And the best friend that never fails you is Simmons Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than pills, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

Wood Browning Sues For a Big Sum.

Mr. J. Wood Browning, formerly of this city, has brought suit at Lexington against Lieutenant Governor Alford and ex-State Treasurer Sharp for \$40,000. The Transcript says: "It seems that during the inflation period in and around Middleborough Captain Sharp and other gentlemen formed a company and bought about ninety acres of land near the 'Magic City.' The plaintiff claims, so it was stated, that he got the worst of the deal, and he is now trying to compel the payment of the money alleged to have been lost."

THREATS MADE BY KABLER

Caused the Deplorable Affair Near Minerva Friday Morning—Donovan Surrenders.

Brief mention was made in the BULLETIN yesterday of the deplorable affair that occurred early in the morning at the home of Mr. Garrett Donovan.

'Squire Kabler who was shot by Mr. Donovan was very dangerously wounded, but while the chances are against him he may recover.

The weapon used was a gun. One bullet, it is thought, penetrated the liver, another penetrated the right kidney and still another entered the right thigh. The last wound is not a very serious one, but the others are of a very dangerous character.

Kabler evidently had his right hand thrown behind it at the time, as the bullet that penetrated the liver passed through his arm and the one that entered the kidney struck his wrist. Such at least is the opinion of Dr. Pollitt, who dressed the wounds.

After his wounds were dressed Kabler was removed to his home. He was attendant on Mr. James Asbury's farm for a year or so, but this spring moved to the Donovan farm. He and Mr. Donovan, it appears, have not been getting along very well from the first. Matters were made worse by a dispute a few days ago over a tobacco bed or field. Kabler was very abusive and threatening in his language.

Friday morning he was preparing to do some work when Mr. Donovan called his attention to the fact that the horse's shoulder was sore, and suggested that he ought to take more care of the animal. This seemed to enrage Kabler, and he threatened to "blow Mr. Donovan's head off before dinner." Other words passed between them. Mr. Donovan got his gun, and as he came out Mr. Kabler, it is said, made a move as if to draw a pistol. Mr. Donovan was afraid Mr. Kabler intended carrying out his threat and at once fired, with the result as already detailed.

After the shooting Mr. Donovan proceeded to Minerva, and going to 'Squire Weaver, told what had occurred and gave himself up. They then came to Maysville. His trial was set for next Monday, to await the result of Kabler's wounds. His bond was placed at \$1,000, which he gave and was released.

Mr. Donovan is seventy-two years of age, and his reputation for peace and good order is of the best. A gentleman who lived near him for years remarked yesterday that he never knew a more even-tempered person.

It is reported that Mr. Kabler killed a man down in Bracken County some years ago.

The news this morning from Kabler is that he spent a bad night. His physicians are of the opinion that his wounds will prove fatal.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

INTEREST in the closing exercises at Haywood is rapidly rising. A large number of applications for reserved seats have already been made at Nelson's. We state for the information of all that the sheet for reserved seats on Tuesday night, when the musical and physical culture departments will occupy the evening, will be open at Nelson's on Monday and Tuesday, and for the commencement exercises on Wednesday night it will be open on Tuesday and Wednesday. Apply early if you want a good seat. General admission tickets, 10 cents, can be secured either at Nelson's or at the door.

SERVICES in the First Presbyterian Church to-morrow morning at the usual hour conducted by the pastor. In the course of the evening service the Baccalaureate sermon of the senior class in Haywood will be preached by Rev. T. W. Watts. Subject, "The Life Work of Christian Young People." Mission Sunday school in the German Church at half past two o'clock. Young People's prayer meeting at 6:45 p. m. The public generally are invited to all these services.

The Cincinnati Spiders played the Hignsport Champions two games of ball Thursday. The morning game resulted in a victory for the Champions by the score of 10 to 5. Evening game, 8 to 4 in favor of the Spiders.

REV. JOHN REEVES, Presiding Elder of this district, M. E. Church, South, will preach the commencement sermon of Kentucky Wesleyan College at Winchester to-morrow, and Rev. Rector Savage, formerly of Fern Leaf, will preach the Y. M. C. A. sermon.

The pulpit of the First Baptist Church will be supplied to-morrow probably by Rev. J. M. Frost, D. D., of Nashville, Tenn. Dr. Frost was pastor of the church some years ago. The other services as usual. Sunday school at 9:15 a. m. and Young People's Union at 6:30.

MR. JAMES CHANDLER, of Lawrence Creek, received a letter this week from his brother, Mr. Isaac Chandler, of Vermillion, Edward Co., Ill., telling about a big hailstorm that visited that section a few days ago. He writes that some of the hailstones measured eleven inches in circumference.

THE L. and N. train due here at 7:50 last evening did not arrive until 2:20 this morning. It was delayed at Paris until midnight by a small wreck a short distance north of that city. The local freight that left here yesterday afternoon collided with a couple of cars and blocked the track. No one hurt.

A TELEGRAM from Washington City says: "It is authoritatively stated that Hon. James Mulligan, of Kentucky, will decline the Consular appointment which has been tendered him, and that he intends making the race for Congress in Breckinridge's district. He will be sure to enter the race, it is said, if Breckinridge secures the nomination. Colonel Mulligan has not declined the proffered appointment yet, but his friends assert positively that he intends to do so."

HELD FOR HIGHWAY ROBBERY.

The Three Suspected Crooks Will Have to Answer the Above Charge.

The examining trial of Charles Smith, Charles Desmond and Frank Brown, the prisoners who made their escape from the city quarry Thursday, was not concluded yesterday. They were charged with highway robbery.

Their attorney, Mr. John Whitaker, moved to quash the return on the warrants, claiming that the accused were not lawfully before the court. Special Judge Galbraith overruled this motion, and the hearing then proceeded.

The prisoners testified that what they took from Moulden was not taken for the purpose of robbery, but simply to effect their escape. They denied taking Mr. Moulden's watch, or any money from him. The watch was found in the quarry after the escape. They also swore that they threw the pistol away before they had gone very far.

The case was argued this morning by Mr. John L. Whitaker for the accused, and by County Attorney Newell for the Commonwealth. Judge Galbraith held accused to answer the charge of highway robbery, and they were remanded to jail in default of \$500 bail, each.

DUN'S REVIEW OF TRADE.
Strikes Have Greatly Interrupted Many
Kinds of Business.

NEW YORK, June 2.—R. G. Dun & Company's weekly review of trade says: It is a sign of cheering import that in finished business, represented by clearings and railway tonnage, there has been less decrease since the strike began than might have been expected. But in inchoate business, the orders which start the wheels to result in tonnage and payment works or months later, there seems to be an actual decrease.

Meanwhile the consequent interruption of traffic and industry increases. The stoppage of iron furnaces between the Allegheny mountains and the Mississippi river has become complete, and a great number of concerns manufacturing iron, and others requiring soft coal or coke for fuel, have been forced to stop. Business can not increase in volume under such circumstances, and yet payments through all clearinghouses for the week show a decrease of only 20.8 per cent compared with last year.

Through a large number of works are idle, the demand for products is not what might be expected either in volume or in urgency. The output of iron and steel has been suddenly and sharply reduced, but the reduced supply seems about as sufficient for the demand as it was a month ago, except in Bessemer. Sales of small lots of Bessemer pig at places as distant as West Troy and Duluth for transportation to the Carnegie works, near Pittsburgh, disclose how completely stocks are exhausted, and sales for delivery in July and August at \$11 to \$11.50, a price \$1.50 higher than prevailed a few weeks ago, indicates belief that the termination of the strike will not soon bring back the old prices.

But for most products, notwithstanding the interruption, the demand is unexpectedly narrow, and buyers feel that the present advance is but temporary. Shipments of boots and shoes for the week, and for the past four weeks, are a little larger than a year ago, and there are orders for some staple products to warrant work for some time to come, but many factories are discharging cutters, or otherwise reducing hands, because their orders do not justify hope of running much longer.

Sales of wool at three chief markets have been 3,584,000 pounds for the week, against 2,766,000 last year, about 6,000,000 per week being required from those markets for a full supply. Now fine territory and Texas wool has sold at 8 to 9 cents, and 30 to 32 cleaned appears to be about the ruling price, but at Boston demoralization makes prices nominal.

Again the lowest price over recorded has been made for cash wheat, 55 1/4 cents, at New York, against 75 cents a year ago, while the average in May, 1892, was 90 cents, and in April, 1891, \$1.13 1/2. Western receipts are naturally small, only 1,354,864 bushels for the week, against 2,619,599 last year, but Atlantic exports were only 807,800 bushels, against 2,240,010 last year. Corn is stronger, with exports about half as large as a year ago, and the unfavorable outlook for oats results in a higher price.

Pork products are weak, with continuing large receipts. Cotton has varied little, though receipts from plantations have fallen off, for stocks in sight are very large. A new crop, for which prospects are decidedly good, is drawing near, and the demand for goods is uncertain.

Liabilities reported in failures for the fourth week of May were \$2,593,087, and for four weeks ending May 24, \$11,391,042, of which \$4,445,603 were of manufacturing and \$5,806,891 of trading concerns. Reports yet to come in may increase the aggregate to \$14,000,000 for the month. Failures this week have been 183 in the United States against 238 last year, and 27 in Canada against 21 last year. Only two failures, both banking, are for \$100,000 or more.

Sinuses of the Nose.
WASHINGTON, June 2.—The visiting delegates of the triennial congress of American Physicians and Surgeons held their annual business meeting Friday afternoon. The general session under the direction of the American laryngological association was commenced after the business of the congress had been disposed of. The subject of papers during the hour and a half allotted to that organization was "the Surgery of the Accessory Sinuses of the Nose."

Insurrection in Manchuria.
LONDON, June 2.—A dispatch to The Times from Tien Tsin reports that an insurrection has broken out in Manchuria. The trouble grows out of agrarian disputes between the Chinese settlers and the Mongol chieftains, and resembles the rising of the winter of 1891, except that the anti-Christian element which figured on that occasion is lacking. The insurgents are rapidly increasing their forces and are being joined by regular bandits armed with repeating rifles. It is reported that they have made numerous depredations.

VANCEBURG, LEWIS COUNTY.

The John Robinson show was here on the 30th, and was well patronized.

The Flying Dutchman that made its appearance with the circus is still here and will remain for two or three weeks.

W. T. Swearingen, of Ashland, a former resident of this county, died this week and his remains were brought to this place for interment in the old burying ground at Clarksburg. He was a son of James Swearingen who died a few years ago at very old age.

Work on the Carter House is progressing. The brick work is completed and carpenter work is being pushed. It is going to be a fine hotel for a place like this. In fact we will soon have three hotels that would compare with any town five times as large as Vanceburg.

Our town is getting quite an advertisement. About fourteen females were arrested by the Marshal a few days ago for being on the streets after 9 o'clock. The Council passed an ordinance a short time ago forbidding certain females from parading the streets after that hour. The trial is set for Saturday before the Police Judge.

SPRINGDALE.

Decoration Day was observed appropriately at Bethany Church.

Elder T. P. Degman was calling on friends at Highland Farm Tuesday.

Mrs. Nanna Holiday is at Highland Farm on account of her mother's ill health.

Charley McNutt sold to T. P. Degman a fine bed of tobacco plants for ten dollars.

Quite a number of passengers boarded the steamer Bonanza Monday for the Queen City.

Mrs. Laura Cook and family were here Saturday and Sunday to see Mrs. Huldah McDonald.

By request of the friends of Elder T. P. Degman he will preach at Bethany next Lord's day.

Next Sunday is Rev. Morgan's regular preaching day at Lebanon. A large congregation is expected.

Mrs. Huldah McDonald is some better at this writing but is not yet thought to be out of danger.

PITTY POINTS.

How can men who can't do without whisky here for a day, expect to spend an eternity in heaven ("without it")?

Church members who will not give up the whisky business here will feel like poor boys at a frolic without it when they get to heaven ("").

Men who can't do without liquor in this world would be as utterly lost without it in heaven as they would be were they in perdition.

If church members in the liquor business can not deceive their neighbors as to their hypocrisy, how may they expect to deceive their Creator?

Some men seem to imagine it a sign of a wonderful intellect to profess their unbelief in prayer; and it is strange that such heads can be kept within the bounds of that band, but the owners of just such heads have been known to cry out in the most agonizing prayer when they are caught in a tight place.

Teachers' Examination.

An examination for white teachers will be held in this city June 1st, commencing at 9 o'clock a. m., and for colored teachers June 8th, same hour. Examinations will be held also July 6th and 13th, August 3rd and 10th, September 7th and 14th, November 2nd and 9th.

No applicant can be received who is under eighteen years of age. Applicants for State certificates will be examined at this examination and also at the August examination.

Any teacher who has taught for eight years consecutively with a first-class certificate in the same county may have the last certificate renewed for four years by the County Superintendent.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by J. James Wood.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Goebel is a Candidate.

FRANKFORT, Ky., May 31.—It now develops that the information sent out from here regarding the candidacy of Senator Goebel for Judge of the Court of Appeals is entirely without foundation. Auditor Norman, General Hendrick and other political friends of the Senator deny having made any statements to the effect that he is not a candidate. On the contrary, they are emphatic in their statements that he will be a candidate, and are positive that his success is assured.
